Canada Ottawa,

PM Stephen Harper is member of the International Criminal Court lobby.
Due to this activity there is now a Terrorism attack in Canada.

StephenHarper only cares for his Elite-position on Earth.
He's a psychopath

PM StephenHarper is a big liar.
He knowingly created the risk of a terrorism attack in Canada.

He tries to murder me via the InternationalCriminalCourt lobby, because I am the first NL-woman who started an ICC_lawcase against NL inside ICC.

I asked Harper in 2008 to help me to turn ICC into a fair court that protects individuals who start lawcases against Western Dictators.

He did the opposite; he turned against me.. and helped ICC in training Alqaida in sabotaging International Law via HCSS, Peace conferences...EU, UN.. etc.

Harper wants the Elite to have the freedom to kill individuals whenever they please.
Based on the 'Torture-treaty the people of Canada must put StephenHarper in Canada-prison or ICC-prison.

HCSS sacrifices my life and children to their ICC-corruption.
They keep ICJ, ICC, NL royal family warcriminals for their personal luxureous lifestyles.

They are Hitler-copies.
