Embassy of Finland in The Hague - Ms Sari Mäkelä -,

This email will be published on www.desireestokkel.nl.

Over the past years I have informed Finland many times about the fact that the International Criminal Court is a Lobby & Assasination-centre where ICC-employees torture & kill victims on request of the EU & UN.

Finland has financed a seminar on Victim-care, within ICC, in november 2010. You claim 'that you work on professional victim-care for persons who are lawless and start a lawcase within ICC, in order to protect themselves. Or, you want to protect victims who have a role in a file'.

You have ignored me - and my ICC-case against NL-presidint J.P.balkenende & co -, for reasons of corruption. You rather work together with NL-politicians who make persons lawless in NL - cause war & terrorism -, than.... that you implement & conduct Human Rights for lawless persons who need to start an ICC-lawcase against the Dutch supreme court & politicians.

Finland 'has not build Victim-care in november2010, for lawless persons', but created a cover for war-criminals who work for ICC....and torture & kill victims on request of NL, EU & UN...

This makes Finland guilty of the making of terrorism.

Ms Silvana Arbia - Registar of ICC - ,

You are a war-criminal yourself!

I started a lawcase against NL on 1 may 2007.
On 8 march 2008 I lodged a complaint about the way the Prosecutor handles my file.

<http://www.desireestokkel.nl/InternationaalStrafhof.Terrorisme.RechtzaakNL.html>

You have ignored me.
No letter of receipt, no procedure in connection with my complaint. No lawyer. No victim-care.

No decision on the complaint.

More complaints from me to the Pre-chamber-judge & President of ICC are being ignored. Even my Letter of Objection of 15 october 2010 - against the decision of the ICC-prosecutor not to proceed on my file but to archive it until more crime has committed - is being ignored.

This means 'that ICC-employees operate like war-criminals themselves!
You refuse to implement Human Right-treaties during your investigations.
A Starter of a lawcase is not being handled as 'a human being with human rights' during the investigation.
/to torture me, despite the fact that my letter of 15 october 2010 is also send to all Secret Intelligence Services around the World, because you - ICC-employees - cause war & terrorism.

You are just as criminal as Al Qaida & Taliban are!

You are partial to NL-dictators who have instructed you 'NOT to proceed on a lawcase against NL' in september 2010.
= you take sides for NL-politicians who torture & murder people.

You lie to the World about the activities of ICC.
= you have Starters of a lawcase/victims tortured & killed on your command.
= you murder Starters of a lawcase on request of NL, EU & UN.

Thus?

The ICC-seminar for Victim-care... has absolutely nothing to do... with Victim-care. You only have created a cover for the war-crimes you personally commit.

You are guilty of 'crimes against humanity' yourself.

**Murder in the first degree.
Carefully planned murder on lawless persons who start a lawcase with ICC against their own national courts of law & suspects/perpatrators in their life.**

In december, I shall write another letter to the ICC-President & Pre-chamber-judge, about the fact that they ignore my letter of 15 october 2010.
According to Human Right-treaties its forbidden for judges to ignore lawless persons, who have no acces to court anymore via prosecutors, police, lawyers & politicians.

A judge is always legally obliged to give a lawless person a hearing & trail, followed by a degree that proves that criminals who have made a person lawless are being punished for their crimes.

Than I shall ask Secret Intelligence Services to put ICC-employees 'on the list of Terrorists'. Because thats what your are: murderers & terrorists.
