International Criminal Court OTP-Cr-407/07
Prosecutors & Judges
PB 19519, 2500 CM Den Haag

Prosecutors & Judges,

You continue to ignore my case against the Dutch Supreme Court, Balkenende & Bloemendaal as if I don't exist since 12 november 2007.

**You do NOT have the right to torture & kill victims & witnesses
or to increase war on Earth!**

**Lawyers working for victims & witnesses are too stupid for
their jobs too = too corrupt
= they are too stupid to implement the NL-system within ICC.**

Balkenende has asked a corrupt former-President of the Dutch Supreme Court to start on investigation on the Irak-war in a commission. Only meant 'to maintain war, in NL & abroad'. The result of this commission will NOT stop wars, because criminal NL-politicians are permitted to work in NL-parliament.

Balkenende & Co should have been removed from NL-parliament in june 2007.
You refuse to protect the world against war & terrorism, no matter what the evidence is...

The Irak-commission will result in more war in:

- Israel-Gaza—West bank- Egypt
- Pakistan & Afghanistan
- NL and other EU-countries

I want ICC to stop all trials immediately and to send the black African warlords in ICC-prison to Rwanda for a trial, under supervision of the AU.

&

**Rwanda has learned to handle warlords & child-soldiers in
their community courts & lifestyles.**

**ICC-employees do not have the right to behave like Hitler-freaks...
who enjoy the powerstruggle between vulnerable civilians—victims—
witnesses and their MPs who try to kill them.**

CLOSE ICC.
