President Lee Myung-Bak,

The president of the International Criminal Court Sang-Hyan Song is guilty of crimes against humanity himself.

He has received following letter of me:

President Sang-Hyan Song,

You handle me as if I am a female Slave of the International Criminal Court, a 'thing' without fundamental human rights.

On 1 may 2007 I started an ICC-case against the Dutch supreme court, members of parliament Balkenende and the civil servants of the municipal Bloemendaal.

On 12 november 2007 I received a letter of receipt. Since then I am being ignored by ICC as if I don't exist.

You refuse to give me:

- a lawyer
- procedures
- timeschedules
- closure of my file

You – prosecutors & judges – travel around the World as if you are politicians.

You have talks with politicians which are forbidden , because you work for a court of law.

You talk about ICC, but you don't work as a court of law.

You are supposed to manage ICC as an independent judge...and to conduct legal procedures without the interference of politicians... against politicians.

You are personally guilty of crimes against humanity:

- You torture & kill victims who start a lawcase within ICC, because you want to work as a politician.
- You try to kill me, now I am an intelligent EU-woman who has started a lawcase against an EU-country.

- ICC refuses to inform the World on the ICC-case against NL, what causes more war and the demolition of the economy.

I demand an explanation, a lawyer and closure of my case in courtroom.

Desiree Stokkel

You will find this letter on my website www.desireestokkel.nl, where the file of my lawcase against NL within ICC is published.

I shall also publish this email to you, next to the letter for Sang-Hyan Song.

You - presidents - have turned ICC into a political party over the past years.

You make sure that EU-victims who start a lawcase against their national Supreme court and MPs are being ignored so they will be tortured & killed by the suspects & victims in their file...and ICc doesn't have to judge against EU-leaders.

I want you to ask President Sang-Hyan Song to give me a lawyer immediately and close my case against NL in order to stop the break down of national security & economy, worldwide.
