Ronald Noble, FBI, Mossad & all employees of ICC,

[Mossad Intelligence Service in Israel](#)

receives this letter by email.

Over the past few weeks, I did everything possible to warn civilians in Rotterdam & Alphen aan den Rijn for the danger of terrorism in their city, now suspects/perpatrators of my ICC-case are the new majors in those cities.

I failed in every aspects:

- Dutch persons don't want to read my lawcase against Balkenende & co with ICC
- They don't know what ICC stands for, although I tried to explain it a 100.000 times
- People don't believe that an individual can start an ICC-case against Balkenende & co.
- People do accept that the Dutch supreme court works like a terrorist, but don't want to know 'what to do to stop it'.
- NL Police-officers don't know what ICC stands for; when I give them evidence they don't know what to do with it.
- When I refer to my sites and official letters / emails of Presidents who recognize my ICC-case against NL, they don't understand what this implies.
- Moslims are more aware of my websites than NL-ers are.
- AIVD does not investigate on local war-lords working for municipals. People don't understand what the consequences are. Don't want to know that AIVD causes terrorism. AIVD does not remove war-lords from their political job in parliament or government. Ned.Coördinator against Terrorism = 100% liar
- Politicians who do know what's going on with my ICC-case try to find covers for their criminal behavior.
Example: PVDA-statesecretary Koenders, suddenly asks Joop van den Ende entertainment to invest in propaganda for Aid to Developing Countries.
Do you see the link? I pressed charges against him in september 2008 for slavery & making of terrorism in NL with ICC - I am still waiting for his response letter - , suddenly he wants NL's biggest entertainment-person to invest in a show for him and his work.
- I do have a good impact in Afghanistan
= I educate local residents before they sign contracts with NL-politicians, so they don't lose their right to start a lawcase against NL with ICJ or tribunal.
Pakistan-universities received my emails; those people are intelligent enough to work with my file too.
- NL-media still refuses to publish truth, although TROUW publishes small remarks I make with on their articles when the contents refer to my ICC-case.

What do Intelligence services need to do?

- **Educate the NL-Police on the position of the Int. Criminal Court in NL.
Ask them: 'Why don't you know that there is an ICC-case against NL; the file is on the website'.**
- **Ask the Police: 'What are you going to do to stop terrorism, now the evidence that AIVD, NCTb are corrupt is published on the web?'**

Ask them: 'How are you going to protect mainport Rotterdam & Airports against terrorism, when NL-politicians & public servants may stay in their powerful position, despite the fact that they are charged with ICC for 'crimes against humanity'?

We are running out of time overhere.

I feel it!

And you know by now what happens 'when I feel things'.

Do you know that I warned Paul McCartney weeks before he was threatend for his Israel concert with: 'No concerts in dark places'.

Result:

He spends 1.5 million pound on security-measures because he refused 'to rescue Me from my ICC-case in time. Refused to learn to communicate with the angry world - terrorists - before his concert took off. He pays people for security, but we all know that war-victums can't appreciate this system. They demand honesty & solid systems to protect themselves with = something like business, food, shelter, fair deals with EU & UN.

Gods & Goddesses have given Paul time to undo this mistake = they made sure nobody was attacked in Israel. But he's hateful attitude towards war-victums who are too poor & too lawless is still a danger. People, Me and Aid-workers for NoLandmines are still at risk because Paul McCartney humiliates & insults Me with my ICC-case. He doesn't work with Me, he misuses my work.

'Terrorists' try to trust my NLF-building in NL to be benifcial for them too'.

We all know that they are not going to wait for ever.... A war-victim = a war-victim.

Paul doesn't understand this message, or he doesn't care. I think he's in shock due to my anger for his stupidity in his relationship with Me = he can't put my Love-talk to him on the same line as his attitude that causes terrorism. Spoilt rotten celebrities cause much terrorism, when they don't want to level with war-victims in Equilty & Equality. I shall send this letter to Paul by mail too.

WELL...the Netherlands is 100% open for terrorism.

The Int.Criminal Court does not respond to my letters, not even now FBI, Interpol & Mossad are informed about lawless Holland.

How are you going to protect your trade-world against NL?

Have a good inspiring day in the Galaxy...

And I need your official respons on my file, to put the mind of terrorists at ease...

Desiree Stokkel.
