Open Brief / Open Letter to

Bolivia

Bolivia is statemember of the International Criminal Court

10 april 2009

Evo Morales,

Its 09.20 hours.

In NL the news about your hunger-strike for Fundamental Human Rights for Every Individual in Bolivia is unknown. I always zapp to BBC after NL-news.

The fact that you HAVE to go on a hunger-strike to get Fair Trade & Eko only proves how corrupt EU, UN & ICC are!

Bolivia ia a statemember of ICC, but when you take your demands to ICC-courtroom – against your opponents – it will take 10-20 years before you get any official 'heavy degree on you file'. In the meantime, ICC-employees only observe your activities.... Not doing anything to rescue you or to make sure Earth has a FAIR-courtsystem to rely on.

My intuition tells me 'that we can relate easily', but my emails often don't arrive. This message has to flow through the Kremlin first; they have to make sure you get it.

I WANT YOU TO GO TO ICC...

- Start a case against ALL opponents who refuse to give all individuals Fundamental HRs in Bolivia.
- Will you be punished by EU-members & UN? Most likely!
 - Small groups of politicians will come together to make up a story with which they prove 'that they have the right to stop your demands, to blackmail your economy, to support your opponents....'.
 - When they do support politicians in Bolivia who are against Fundamental HRs for everybody, this is only meant to hide my ICC-case against NL for the rest of the world.

You have to work with BIGGER SETS of LEGAL LINES to protect yourself & Bolivia against corruption:

- **Take the Bolivia-constitution plus all treaties related to UN & ICC**
- **Demand Fund. HRs based on the NLFs you create for your self-protection & protection of the people**
- **Publish the NLFs you needs plus evidence that you don't get them**
- **Bring your file to ICC**
- **Explain ALL blackmail-policies you get thrown to your head by EU-politicians in public**
- What I like about Venezula is that they actually say:'Those bastard-Americans'...in public...
- Bolivia has to say the same about EU-presidents & co. And.... Russia is not very helpful to you either = they keep ICC a corrupt court of law and they keep UN Ban Kimoon in his powerful blackmail-position.

I wish you a healty weekend & month = hopefully you don't have to die for HRs for All of Us.

Have a straightforward day,
