## Open Brief / Open Letter

### Obama is 'Poker-President' for Europeans

8 august 2009

**NAACP, Earth Rights & FBI ,**

#### Evaluation-time

Let me give you an European-thinking-pattern: 'USA need new elections for President'.

#### Obama is an Poker-president

- He speeches beautifully but he refuses to work with court-systems that give Simple People acces to rights, systems, politics & media.  
He doesn't give the people keys, with which they can open doors to a more future-prove & succesfull lifestyle. Minimalizing unemployment, tough laws for the Elite, green energy....its all in hands of the Whitehouse or local State-governments.

Where are the USA-people; watching 'crimes or sex in the city' on tv...?

- He only speaks of Justice in connection with Gtmo-bay & war.  
Never related to **anticipation** on the outburst of war - or as a method to stop war/drugindustry with -, on International trade, on Fair trade & EKO... on criminal behavior of other Presidents & Parliaments on Earth.

By doing so he gambles with truth & human lives

= A part of truth is on the table/ in the media when he needs to hide something, usually a 'crime against humanity'.

= Europeans who have NO Human Rights - and are being brainwashed with 'necessity of more wars elsewhere on Earth' - don't accept his Blackmail & Bullshit-talks.

#### **Obama is a USA-president who ignores all local court-systems per nation + EU-courts + International court systems, completely....**

So, the man is not smart enough to work with NLF on a daily basis!

- At the same time, USA want to be in charge of Earth.  
When it comes to safety, only USA can provide in a 'view to kill'..., is the adage.

Now Obama refuses to clean up the International Criminal Court or to stop UN Ban Kimoon who wants ICC to be a Lobby- & Assasinationcentre. Earth is officially lawless.

Worlds'Presidents want to have the freedom to kill whoever they want to kill, when they feel like it' = they protect eachother with speeches that rule the media. So called 'terrorists' know this...

African Union is against ICC too.

Now Obama wants ICC to be a Hitlercourt for his poker-games with human lives, AU will turn against USA too.

International trade will be an act of Blackmail & Bullshit economics, that most likely will result in more natural disasters, conflicts....and worse...

EU-people are against NATO and their war-acts, but local parliaments refuse to listen to their own people.

EU-people could educate themselves better on 'how to go to court against MPs', but appearently they are too afraid or lazy to do so..... NL-ers who do try to build Justice against MPs, trade unions & civil servants are being mobbed to death.

#### **USA-ers must never think 'that EU is going to appreciate Obama'.**

- NL-NGOs are going flat = NL-MPs who are to be put in ICC-prison take away tax-money from NGOs...and put it into UN- & EU-units, that are partial to NL-MPs  
= to keep themselves out of ICC-prison...with B & B -policies... Very Dangerous!

NL-Euros do NOT arrive with people in need.

Or AU-leaders are being told:

'You don't get anything from NL, now you don't meet our standards'. Which standards?

- ICC protecting EU-leaders from an ICC-lawcase against them, while black AU-dictators are being put in ICC-prison for identical crimes the Dutch commit too?  
Extremely dangerous!

## **When USA supports war-crimes taking place within ICC**

- **under supervision of the UN –**
- **trade will never bring more jobs, less disasters and more solid lifestyles to the unemployed or oppressed people.**
- **attacks of militants will continue to grow, worldwide.**

**What to do?**

**'An eye for an eye, a tooth for a tooth'.  
what you give = what you get**

**Over the past 3 years I discovered on the Web that there is a survival-strategy.**

**When you – individual – want other individuals to have a good fair lifestyle ... and you actually prove you are building Peace for All of Us... you will be save.**

- Share systems you build.
- Give away large parts of the new social healthy systems for free.
- Accept that people in warzone can't afford to pay for your work...and take the risk of losing some of your income = it will bring you 'safety at work'.
- Make clear to politics 'that you can see trough their practices...and...that you demand them to work with NLFs + courtsystems, you prove ... do... bring safety.
  
- Invent a new method for communication
- I am too poor to move, but I am powerful by now...
- 'what you see is what you get' = lifesaver
  - = I publish all my movements in thinking- & behavioral = have to in order to stop lies of ICC
  - = I address parliaments in Open letters, so corruption can't grow any deeper
  - = NLF-readers without HRs are inspired by my methods and overcome their personal fear, although there's a long way to go in NL
  - = new core-businesses between NGOs, compagnies & Natural disasters grow into the Future

**'When you publish truth, you receive truth  
...and than you can build NLFs for individual-power  
... in a social community...'**

When I change my methods today – and start to hide truth – people get suspicious...and they will kill me for becoming partial to official NL-dictators & corruption.

**I strongly advice you...**

**.... to work with Open Letters addressed to Presidents, MPs,  
Compagnies & Failing courtsystems from you websites**

**= pass corruption & crimes against humanity with a Good-practice.**

**Have an energetic-EQ-mood on the Long-distance track,  
desiree**
